

Li Boyuan

INTERNSHIP

Microsoft Research Asia, MMD Multimodal Computing Group

June 2022 - Dec 2022

- Focus on game character motion style transfer research, enhancing animation realism and diversity.
- Work with The Coalition Studio on Xbox to streamline the mo-cap pipeline.

RESEARCH EXPERIENCE

Renmin University of China, AIMind Research Group

Sep 2022 - Present

- Research interests focusing on 3d character animation, including conditional human motion generation and evaluation.
- Recently, we have focused on tackling data scarcity in human motion generation.

EDUCATION

Renmin University of China

Gaoling School of Artificial Intelligence

Ph.D major in Artificial Intelligence
2022 - Present

Shandong University

School of Computer Science and Technology

BS major in Computer Science
2018 - 2022

SKILLS

PLs

Python, C++, JavaScript
